The image is an aerial photograph of a coastal area. A grid of roads is visible, with buildings and vegetation interspersed. A large, irregularly shaped area is highlighted in light orange, representing a proposed breakwater. This breakwater has a jagged, scalloped outer edge facing the water. Inside this breakwater, there are several white, oval-shaped markers. The breakwater is labeled 'Sand' and 'Fill'. To the right of the breakwater is a dark blue area representing the water, labeled 'Chesapeake' and 'Bay'. A north arrow is located in the upper right corner.
