Mosquito Spraying MD Dept. of Agriculture Mosquito Control Program

At the request of residents of Saunders Point, the Saunders Point Citizens Association has filed an application to participate in the MD Dept. of Agriculture's Mosquito Control Program. Saunders Point's application have been approved for the Adult Mosquito Surveillance and Control Program for 2009. This notice is to advise residents of Saunders Point that surveillance for mosquitoes will begin immediately and weekly spraying has begun on Monday evenings after 7:30PM and will continue from June 1, 2009 through September 28, 2009.

The spraying is accomplished by truck-mounted ultra low volume (ULV) application of insecticides. If you have any questions about the spraying or program, you may contact the MD Dept. of Agriculture at:

Maryland Department of Agriculture
Mosquito Control Program
50 Harry S. Truman Parkway
Annapolis, MD 21401
(410) 841-5870

If I can answer any questions or provide additional information, please contact me - Patrick Schmitt at: pschmitt@saunderspoint.org

Put these dates on your calendar:

Annual Community Picnic!
Saturday, September 12, 2009 at the Community Park

Annual Community General Meeting!
Thursday, November 12, 2009 at 7:30 PM at the MCA Hall
(Opposite Mayo Elementary School)

WARNING TO PARENTS: The Association has been advised of a recent indecent exposure incident in the Neighborhood. Two teenage girls were recently approached by a male driver in a car. We have no information on a description of the car or the driver. The incident was reported to the police. PLEASE be vigilant and talk to your children about the need to be careful with strangers.
